

Double Space Beds

MAXIMIZE your Living Space™

RETAIL PRICE LIST (09/11)

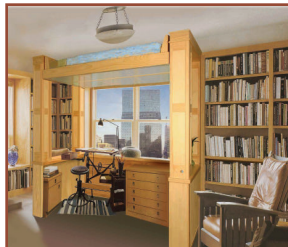

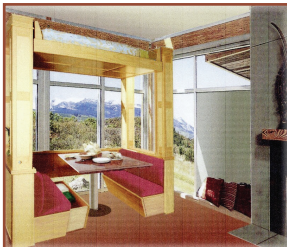

This patented **free-standing bed** offers an elegant solution for those challenging spaces with limited wall space by utilizing the vertical. The inner 18-gauge powder coated steel framework acts as the skeleton to support the finished product. Its unique design means it can be placed anywhere - in front of windows, switches or outlets.

Many design options are available for whatever functionality is desired when the bed is in its stored position. Sofa, bookcases, desks, dining tables are all possible in virtually any finish, wood, or style. The only limitation is in your imagination.

Imagine what you can do

The Double Space Beds allows the use of any style of mattress (9" thickness is the recommended thickness) and the quiet counter-weighted movement is simple & easy to operate.

Dimensions (typical - dependent on final design):
